

**REMARKS**

In addition to Applicants' amendment electronically submitted on July 10, 2008, Applicants further amend claim 83 to clarify that the targeting unit (and not the antigenic unit) is for an antigen presenting cell.

By this Supplemental Amendment, claims 1-37, 77, 83-95, 97-108 and 118-123 remain pending in the application. Claims 96 and 124-126 remain cancelled. Claims 83-95, 98-108 and 118-123 are currently under examination.

The Examiner is respectfully requested to consider this supplement amendment to claim 83 as well as Applicants previously presented amendment and remarks contained therein.

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: August 13, 2008
